

Covid - 19 response - We are still here

Age UK Lincoln & South Lincolnshire are adapting in these unprecedented times to support our existing and new customers. As we navigate our way through these challenging and ever changing times we are working hard to ensure the continuation of our services for those who need them the most and the development of new initiatives in response to Covid-19.

It is crucial that we communicate that although the way we deliver some of our services may change over the coming weeks and months, our commitment to our customers and older people will not change. Some of the services and support we are currently offering include:

- ★ **Shopping & prescription collection** ★ **Reassurance**
- ★ **Resettlement service** ★ **Help** ★ **Telecare & Response**
- ★ **Support** ★ **Wellbeing calls** ★ **24/7 Silver Line calls**

* Please note that some of these services are chargeable, for more information please call us.

Community Heroes

We are recruiting and supporting a new army of volunteers to enable us to support the vast number of new enquiries we are receiving for help.

If you are interested in joining our Community Heroes simply sign up online www.ageuk.org.uk/lincolnsouthlincolnshire
